

The BASIS is an excellent
worker's chair.

Unpretentious, solid
and **functional** as is required
in every professional office.

It is a chair of simple yet dynamic
line, equipped with a synchronic
mechanism providing practical
ergonomic choice. It will be there
for you whenever you need it.

I have truly
excellent support
in **everyday** office work

the ergonomic profiling of the lumbar support section has an additional height adjustment mechanism to ensure a perfect fit

intuitive and easy to handle mechanism

the quiet power
of **functional** solutions

Seat and back covered with ergonomically profiled foam; the seat is made of injection foam to guarantee high resistance to deformation.

Adjustable arms – height adjustment in one of 6 possible positions; soft polyurethane arm pads ensure comfortable arm support.

Back height is adjustable within 60 mm and may be blocked in 10 possible positions with an easy to use collapse mechanism, eliminating the need for knobs or handles.

Gas lift allows for smooth seat height adjustability and additional shock absorption when sitting down.

Five-star base – made of polished or varnished in “alu” colour aluminium, provides solid hold for the whole chair and comfortable leg support.

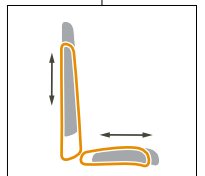

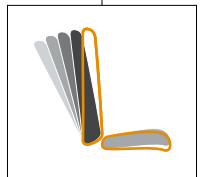

Large diameter 65 mm castors make the chair move smoothly on any surface. Automatic brakes keep the chair in position when the sitter rises. Choice of castors for soft or hard surfaces.

Synchronised mechanism – simple and intuitive – the mechanism is equipped with only two regulating handles, conveniently positioned within easy reach.

Functions & Features:

1. **Synchronised back and seat tilt** – 21 degrees back and 9 degrees seat tilt.
2. **Back block** in 5 possible positions.

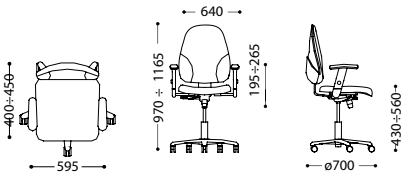

3. Precise **tilt adjustability**.
4. 10-level **back height adjustability**, within 60 mm, with the use of the collapse mechanism.
5. **Adjustable seat depth**, block in 5 possible positions, within 50 mm.
6. **Anti-shock mechanism** to prevent sudden impact of the seat against the back once the mechanism is released.
