A line of chairs suitable for modern office interiors. They are characterized by a sophisticated shape of the seat and backrest and their harmonious connection with the metal frame. Because of a light construction and possibility of stacking up to 5 models the chairs are perfect at quick interior arrangement and utilization of space. The chairs are upholstered in high quality woolen fabrics. Metal frames are either chromium plated or lacquered.

The chair was granted GIO award.

**Design:** Krijn Hamelink

He began his work as a designer in 1969 in a famous design firm Kho Liang Ie Design Studio. Since 1974 he has been working independently combining design work with educational activities at Rietveld Academy.

„Cadiz chair is the effect of the fascination with wood modelling and combining different materials like metal and wood. Out of the fascination came the sophisticated form of the backrest.”
