

QUO SIDEO

SKALA

Odbicie lustrzane. Najbardziej autentyczne wyrażenie ducha twórcy.

Mirror reflection. The most authentic expression of the author's spirit.

A line of ergonomic managerial armchairs of the newest generation. It effectively combines international-class design with innovatory functional and technological features. Special innovative (plywood-free) construction of the seat and backrest ensures long lasting usage and comfort.

Skala line was accorded GS Certificate of Approval by LGA Testing and Certification Body for Product Safety

Design: Claudio Bellini

Claudio Bellini gained experience in his father's studio Mario Bellini Associates. In 1997 he established his own firm Atelier Bellini with focus on industrial design and adaptation of advanced technologies in the designing process.

“Each project is a new adventure.

A journey in an indefinite period of time where the memories,
present and future, overlap incessantly...”

Claudio Bellini

The line was granted GIO award (Good Industrial Design), Product of the Year Award by Meble Plus magazine and Golden Medal of the International Fair in Poznań.

VARIO SYNCRON mechanism

Back-stroke
(angle adjustment):
up to 26 degrees

1 Regulation of the tilt tension
allows setting the tilt strength
according to the user's body weight

2 Locking the chair in 7 different positions enables adjusting the sitting position precisely to the user's needs and preferences

3 Anti-shock mechanism
prevents the backrest from hitting the user's back after releasing the handle

4 Dynamic sitting
enables free floating movements while sitting, having a positive impact on the user's health

5 Resilience
- a unique mechanism ensures elastic reaction of the chair to your body weight and movement while sitting

6 Ergonomically profiled backrest
guarantees comfortable work and supports the whole backbone ensuring healthy seating

7 High quality fabrics
extremely resistant to abrasion and peeling, all having European flammability certificates

8 3-level adjustable armrests
- moving them up and down or to the sides allows setting their height according to your needs

9 Pneumatic regulation of the seat's height enables adjusting the seat to the user's height with just one movement of a hand

10 Broad, steel, polished starbase ensures high quality finishing and exceptional stability of the chair

11 Self-braking castors
Thanks to an automatic lock the chair is not likely to "move away" while standing up

12 Castors for hard and soft surfaces to choose from with no additional surcharge

The innovative system of fiberglass rods used in the seat and backrest integrated with the elastic foam ensures the maximum of seating comfort.
